Your Trusted Partner for Quality Packaging Solutions

Manufacturing Excellence Based in Hyderabad

At Vijaivanth Packaging Private Limited, we don't just make boxes; we engineer protection for your products.

With 15 years of industry experience serving Hyderabad and the surrounding region, we have established a proven track record as a leading manufacturer in packaging reliability and quality. Based in Hyderabad, we are a premier manufacturer dedicated to delivering high-quality corrugated solutions tailored to your specific needs.

Universal boxes

These highly versatile boxes are your most cost-effective solution, available in all sizes for every application from logistics to retail. Fully customizable in terms of strength (Ply, GSM, BF) and branding (Single-color, Multi-color, and Duplex printing finishes).

Mailer or Die cut boxes

We manufacture all types of mailer boxes, crafted for both durability and premium presentation. Available in robust corrugated or sleek duplex materials, fully customizable with single-color or vibrant multi-color printing to bring your brand to life.

Tuck end boxes

These boxes are used to pack, store, and present various lightweight to medium-weight products.

They provide a clean appearance and reliable closure for everyday packaging needs.

Paper Boxes

This paper box is designed to safely pack and protect your products.

It is ideal for cosmetics, small accessories, gifts, and retail items.

Lightweight, durable, and eco-friendly for easy handling and shipping.

Printed Boxes

Fully customizable with all printing options.

We ensure high-quality printing to suit your brand's requirements.

Heavy duty boxes

These boxes are made to withstand high weight and rough handling.

Their sturdy construction prevents damage and maintains product safety.

Ideal for shipping, storage, and long-distance transportation.

Food Grade boxes

These boxes are crafted to keep food clean, uncontaminated, and well-protected.

Their high-quality construction ensures freshness and reliable packaging.

Ideal for delivering, storing, and presenting food products safely.

Partion Boxes

Partition boxes provide individual compartments for maximum product safety.

They ensure items stay in place and remain well-protected.

Durable enough to carry sensitive materials, including glass products with stability.
